AMBE PUBLIC SCHOOL

Nursery to Class XII (Commerce)

Affiliated to Central Board of Secondary Education (CBSE)

Affiliation No. 430214

Vemali Building, Vemali
Sama-Savli Road, Vadodara.

About Us

We are located at Sama-Savli Road, Campus. Our building is highly in accordance with the requirements of an educational institution; very peaceful and convenient for guardians and students.

Education must enhance the human beings. We allow our students to imbibe the rich customs, traditions & our value system. Along with enriched past, we mould our children to face the future. It is one of our mission, to see that each and every child realises his / her talents to the fullest. Time spent at school under the guidance of trained staff enables pupils and teachers to understand their needs for not only academics but physical, mental & emotional development as well.

School being co-educational allows the pupils to understand human relations better. For overall development, students are exposed to various co-curricular activities and sports during school hours.

From the Desk of the Founder

Shri Mahendrabhai Shah, Founder of Ambe Vidyalaya & Ambe Public School has contributed to the society with his modern ideas; dynamism, keen foresight, and impeccable leadership skills; is celebrating 34 years of successful journey in the field of education. His aim has been to provide children with conducive environment and the best teaching learning experience.

Shri Mahendrabhai Shah
Director

He leads by example and believes that the ability to learn and transform is very important in the fast changing world.

Shri Mahendrabhai Shah and Team have been thriving for excellence since 1988 with a motto to prepare a responsible and promising generation for future.

Management

Education is the basic of all progress. It is for this very reason that we made an enthusiastic attempt into the field of education, about 34 years ago. Over three and half decades of experience has taught us that progress is possible only, if men and women are equally well-educated.

The entire purpose of education is not to restrict itself to imparting bookish knowledge only but inculcate humanitarian values like wisdom, compassion, courage, humility, integrity and reliability in a student.

Shreeji Education Trust has been supporting the cause of quality education since last 34 years. With a futuristic vision and dedicated efforts; the trust added a new dimension to the institution by setting up CBSE Unit in 2013- Ambe Public School from Nursery to Std. XII. There are about 800 students; 28 classes and 40 teachers.

Ambe Public School encourages students to learn about themselves and their constantly changing environment, while at the same time offering support and guidance as they practice decision-making and social skills.

Year by year the efforts of all our staff and students have taken the school forward in terms of excellence. The school has progressed in leaps and bounds. Today we stand as one of the noted educational landmarks in Vadodara. We offer our students a stress free learning environment which encourages creativity and critical thinking.

Shri Alap Shah & Ms. Palak Shah - Director

From the Desk of the Principal

Ms. Sheetal Patel
Principal

“Education is not the learning of facts, but the training of the mind to think”.

We affirm that wisdom can be cultivated gradually amongst all individuals. It is not enough to make children literate and academically intelligent, what is more important is to make them wise so that they are able to use their intelligence judiciously.

Ambe Public School is an amalgamation of competent teachers, state-of-the-art infrastructure and an experienced and efficient administration. The school came into existence with the vision of creating a safe and supportive environment for its students – to provide a perfect balance of academics, sports, artistic and social opportunities. Childhood, youth and learning should be a joy and we strive for that.

We believe that “True wisdom is the ability to listen to your heart,” and that each child's self-esteem, dignity, physical and emotional well-being must be cultivated with the same importance as that given to academic and material success. Our pedagogy is child – centric with emphasis on inquiry and project-based learning. We treasure dynamism and deem that one should be well prepared to adapt to the global scenario and work on learning accordingly.

Today's India is an empowered, enlightened and enterprising nation. We wish to make it even more powerful with conscientious, smart and confident citizens who would make us proud of their multifaceted growth.

Our Vision

To nurture progressive thinking individuals and to prepare global citizens committed to humanistic values and democratic traditions with strong secular ethos.

Our Mission

Our Mission is to provide a vibrant forum for quality education, with a scientific temper, adaptive to the changing needs of time, to ensure all round development of the children and expose them to a wide spectrum of co-cultural learning which is essential to make the child confident and ready to step out in today's challenging world.

Motto

The motto of our school is 'Path to Success'.

On our path towards our destinations, we grow in character, in wisdom and strength. It is where we acquire the traits of a successful person. It is our endeavor to mould our students to be compassionate, progressive and professionally successful human beings; responsive to global culture and heritage.

Our Pillars of Success

Strong Foundation is the key to a strong building. Strength and excellence of a building depends on excellence of its pillars. Keeping this in mind, we are thankful to all our pillars for building a strong foundation of the school which has helped us gain a vision we had dreamt of. Our pillars are our Excellent teachers, Innovative teaching, Advanced infrastructure & Supportive parents.

Aims and objectives

1. To provide a child friendly, healthy and safe atmosphere that will empower every child to overcome his/her limitations.
2. To provide a foundation and ensure that concepts are so well understood that they can intelligently apply them to other situations.
3. Learning is possible only in the mirror of relationship and not in isolation. Our objective is our teachers should continuously work on creating relationships, dialogues, atmosphere of learning through mature, affectionate and stable mentoring.
4. To work upon maximising student's potential through self-development programs like Yoga, Exercises, Sports, Music and Recreation.

Our Team

"Teaching is a profession that teaches all the other professions"

We have a team of efficient teachers as we aim to bring and nurture outstanding teachers to get outstanding results. Their qualities include:

1. Proven experience as a teacher.
2. Thorough knowledge of teaching best practices and legal educational guidelines partnered with a willingness to follow the school's policies and procedures.
3. Excellent communicability and interpersonal skills.
4. Well-organized and committed.
5. Creative and energetic.

Classrooms

A classroom is a learning space where children learn and groom themselves. We have specialized the concept of learning through digital classrooms to give students a deeper understanding of the subject. Our classrooms are Air-conditioned, aesthetically planned and well equipped with educational décor and White Boards. Audio-Visual & LCD projection facilitate the learning process.

Science and Mathematics Lab

Lab helps the students to build interest and confidence in learning the subject. The laboratory provides opportunity to exhibit the scientific and mathematical concepts with everyday life. It provides greater scope for individual participation in the process of learning and becoming autonomous learners.

Science Lab is equipped with Biology/Chemistry & Physics equipments and materials required for students with models to explain scientific concepts. The APS Science lab is a place for learning, experimenting, exploring and relating theory to practical learning. It gives an opportunity to young minds to satisfy their science related curiosities.

The Mathematics Laboratory is an Experimental & Logical thinking playground for young scholars. To facilitate and engage the students in a variety of hands on learning experiences, the students and teachers have put together models and gadgets in the laboratory.

Computer Lab

Computer Lab is well equipped with Internet and multimedia provisions, one computer for one student, APS provides the appropriate platform to the students to be future technocrats. Technology greatly assists teachers in classrooms to teach difficult and abstract subject matter concepts effectively with the right digital instruction materials, supporting technology infrastructure.

Library

Library offers a wide range of resources to its members. These resources are provided to cater the specific academic needs of the members. The libraries have a well selected collection of Books, Journals, Periodicals, Newspapers and Audio Visual Media. New additions are constantly made in order to keep the library abreast of the latest books.

Music and Dance Studio

APS gives Performing Arts a special place at curricular and co-curricular arena. Performing Arts provide students self-expression and interpersonal skills. Every student finds expression to his or her rhythm and thereafter, hones these talents from contemporary to classical.

Reception Desk

School reception area is the first place that parents or visitors see on entering the premises. It presents an opportunity to provide students, and parents with a feel for the learning environment as a whole. You are just a phone call away to all your queries.

Security

The campus is fully secured with 24/7 IP camera based security and round the clock guards on duty. No trespassers are allowed.

Awareness Programs

Good touch makes a child feel safe and cared for and unsafe touch makes a child uncomfortable, scared, or anxious. Every year we conduct a workshop on Good touch and bad touch to bring awareness among students regarding the same.

Periodic visits of specialised medical team is arranged for regular check-up of students as a preventive measure.

Workshops on career counselling are organised to help students to identify their career goals, set their education milestones and derive the clear pathways to achieve it.

Student's Council

Student council gives students an opportunity to develop leadership by organizing and carrying out school activities and service projects. It creates an environment for students to voice out their concern or need. Every year we elect an efficient team of Students' Council by conducting an organised Election.

Academics

Pursuit of Excellence in academics is the primary objective of our school.

A comprehensive and well balanced curriculum has been developed keeping in mind the highest international standards to open minds and break barriers and boundaries that confine learning. The curriculum is planned to achieve a balance between search for understanding and knowledge of essential skills.

The formative years of schooling are critical hence, stress is given on basic skills in the 4R's Reading, Writing, Arithmetic and Discovery. The development of positive attitude and positive action are also included in the curriculum.

The stress of examinations is done away within the formative years of child's learning.

The Evaluation process is a continuous and comprehensive one, spread evenly during the entire Academic Session and it is done in an informal manner. However, formal evaluation methods are adopted along with informal methods in higher primary classes.

To deliver the highest quality education, we have highly qualified and trained staff with optimal teacher-student ratio of not more than 1:40 enabling the teachers to give personalised attention to students. We, at Ambe Public School, recognise that attentive teaching and care enriches development of brain, fosters multiple intelligences, good attitudes and a love for learning.

The management emphasizes on in-service training of the teachers to broaden their horizon and to meet the challenges in and out of the class-room.

Activities

Co-curricular activities are important just as academics. Co-curricular activities are meant to bring social skills, intellectual skills, moral values, personality progress and character appeal in students. It includes athletics, cultural events, Library activities, science lab activities, classroom activities, creative arts, meditation etc.

Co-curricular activities are catalyst for the students to discover and develop their talents and interests. Students are encouraged to participate in areas of their interest, be it Art, Music, Drama, Quizzing, Public Speaking, Yoga, Skating, Indoor and Outdoor Games or any other that the school offers.

Students are encouraged to participate in co-curricular activities at school level as well as Inter- School level and thus we ensure that their Academic, sporting and creative interests are balanced.

These events are organised on large scale so that each and every student gets an opportunity to exhibit his/her talent, at the same time team spirit and confidence is developed in them.

Celebration of Republic Day & Sports Day are other events wherein again the entire Ambe Parivar participates. These are the events where the students showcase their physical talents.

Achievements

Ambe Public School has been consistently showing 100% results year after year in the Class X and XII. The support and guidance of teachers through the process of education has turned out to be productive and encouraging for the students in scoring top grades.

Sports

Sports are a very important part of our life. Sports are one of the things in life that cuts across the confines of gender. Taking part in various sports activities is important in ensuring that one is able to reap the benefits that come with it. There are various sports activities that one can take part in to ensure that they are able to lead healthier and more active lives.

Ambe Public School ensures that students have big playground for outdoor games such as Volley ball, Basketball, Cricket, Skating, Kho-kho etc. and also have adequate infrastructure with required equipment's for indoor games and yoga.

Pre Primary Wing

We provide a vibrant atmosphere, a home away from home, where emphasis is on conceptual learning and creative inputs for building a strong foundation.

The teaching is child centered and is tailored to the individual need of student by involving skills and neuro motor development. The curriculum stresses on socio-emotional aspect, creative expressions, aesthetic and cognitive skills. Excellent and qualified team of teachers use play-way methods and bring out the hidden talents in children. The teacher-student ratio is kept as low as 1:36 to give personalized attention. The brightly lit and well decorated classrooms, full of colours, toys, games, puzzles, etc are a joy for the little ones. It transports the children to a world of happiness.

Healthy competition inspires kids to do their best, not just good enough. When students compete they become more inquisitive, independent and learn to work with others. Students are exposed to various competitions at the school as well as Inter-School level.

The swings, slides and play area bring unlimited fun for the tiny tots. Frequent Educational Trips bridges the gap between education, excitement and fun.

Admission

Admission is granted on the basis of age, interaction and subject to vacancy.

Parents seeking admission for their ward must complete prescribed application form which is available from the school office or may be downloaded from the school website.

Parents must bring their child for Interview / Interaction on the scheduled Date & Time.

On Grant of Admission to the school, the following documents are to be submitted.
